

AMBASSADOR OF
THE UNITED STATES OF AMERICA
TOKYO

January 15, 2014

Dear Mr. and Mrs. Anderson,

It was a pleasure to meet with you last month in Tokyo. Thank you for sending me updates on your engagements with Ambassador Fujisaki and the people of Tohoku. Your commitment to Taylor's memory and the causes she championed is truly inspirational.

I have some exciting news to share: the Embassy is teaming up with director Regge Life to program screenings of "Live Your Dream" February 28-March 3 in Sapporo, Osaka, and Tokyo. We plan to invite American JETs to these screenings, and we hope this touching film about Taylor's life will underscore the important role they are playing as ambassadors of good will to the people of Japan.

I wish you all the best in 2014. Please let me know the next time you are in Tokyo.

Sincerely,

A handwritten signature in cursive script that reads "Caroline Kennedy".
